*Proof of Contractor legibility is required at the time of application ( i.e., copy of contractor's license, business license, general liability insurance, **copy of contract for commercial work**). An approved sketch (required by the Planning and Zoning Department) showing deminsions of structure and setbacks on new construction, additions and enclosure of and existing exterior area must also be presented with the application. Two (2) sets of drawings (to scale) are required on all new commercial and residential structures and additions, as well as on all new commercial manufacturing renovations:*

- a) All Assembly, Educational and Institutional Occupancies.*
- b) Buildings and structures three or more stories high (except one (1) and two (2) family dwellings)*
- c) Buildings and structures five thousand square feet (5,000) or more in area.*

*A site plan is required on all commercial and residential applications for new construction and additions.*

*This is an application only. You must have a permit prior to beginning construction. If construction begins before permit is issued, you are subject to a summons and double permit fee.*
