REPORT OF INDEPENDENT AUDITOR

The Honorable Mayor and Members of City Council City of Bennettsville, South Carolina

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bennettsville, South Carolina (the "City"), as of and for the year ended April 30, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bennettsville, South Carolina, as of April 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The City has not presented a *Management's Discussion and Analysis* that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

My audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City's basic financial statements. The accompanying other financial information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements of the City of Bennettsville, South Carolina.

- CONTINUED -

The combining and individual fund financial statements and other financial schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with *Government Auditing Standards*, I have also issued my report dated July 14, 2011, on my consideration of the City's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of my audit.

Enclithous, CPA, P.A. July 14, 2011

Columbia, South Carolina

NOTES TO FINANCIAL STATEMENTS

APRIL 30, 2010

1. Summary of Significant Accounting Policies

A. Reporting Entity

The City of Bennettsville, South Carolina (the "City") was founded in 1819, under the laws of the State of South Carolina for the incorporation of municipal governments and as amended by Act 283 of the 1975 Code (Home Rule City Act). The City operates under the council form of government and provides the following services as authorized by its charter: public safety (police and fire), streets, sanitation, health, culture-recreation, public improvements, planning and zoning and general administrative services.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. Basis of Presentation — Basis of Accounting

Government-wide Statements: The statement of net assets and the statement of activities display information about the City. These statements include the financial activities of the overall government. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The City reports the General Fund as the "major" governmental fund and the Combined Utility Fund as the "major" proprietary fund.

A schedule of non-major funds is presented separately as part of Other Financial Information. Because of the basis of accounting and reporting differences, summary reconciliations to the Government-wide financial statements are presented at the end of each applicable fund financial statement.

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

1. Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation (Continued)

Governmental Funds

General Fund — The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds — The Special Revenue Fund is used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally (or donor) restricted to expenditures for specified purposes.

Capital Projects Fund — The Capital Projects Fund is used to account for the acquisition and construction of major capital facilities other than those financed by the proprietary fund.

Proprietary Funds

Enterprise Funds — The Enterprise Fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The City operates a combined utility enterprise fund.

C. Measurement Focus, Basis of Accounting

Government-wide, Proprietary and Fiduciary Fund Financial Statements. The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds, which have no measurement focus. The government-wide, proprietary fund and fiduciary fund financial statements as applicable, are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting (Continued)

The City's policy for applying expenses that can use both restricted and unrestricted resources is to first apply the expense to restricted resources then to unrestricted resources.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Taxes are billed in October and are payable at that time. Property taxes attach as enforceable liens on property as of December 31. All unpaid taxes levied become delinquent January 16 of the following year. Property tax revenues are recognized when levied to the extent that they result in current receivables. In keeping with the modified accrual method of accounting, it has been determined that taxes receivable should reflect only those deemed collectible within 60 days.

All governmental and business-type activities and proprietary funds of the City follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

1. Summary of Significant Accounting Policies (Continued)

D. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. A proposed operating budget for the fiscal year is prepared. The operating budget includes proposed expenditures and the means of financing them for the upcoming year.
- 2. Prior to April 30, the budget is legally enacted through passage of an ordinance for the following fiscal year.
- 3. Formal budgetary integration is employed as a management control device during the year for the General Fund.
- 4. Budgets for the General Fund are adopted on a basis consistent with accounting principles generally accepted in the United States of America.
- 5. The City Council adopts a summary budget for proprietary funds.
- 6. The City Council may authorize supplemental appropriations during the year.
- 7. The Administrator is authorized to make "line item" transfers within the budget. Such transfers were made during the year.
- 8. Appropriations lapse at the end of each fiscal year.

The General Fund operated under a final budget totaling \$6,205,000. Actual expenditures totaled \$6,307,700. The Combined Utility Fund operated under a budget totaling \$19,038,000 Actual operating expenses totaled \$14,825,446 (including a non-budgetary charge of \$1,074,585 for depreciation).

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses

Cash and Cash Equivalents and Investments

Cash includes amounts held in demand deposits. For purpose of the statement of cash flows, the City considers all savings and short-term investments purchased with maturities of three months or less to be cash equivalents. State statutes authorize the City to invest in obligations of the U. S. Treasury, commercial paper, corporate bonds and repurchase agreements. Investments are reported at fair value.

Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions result in loans or advances between individual funds. The lending fund reports amounts 'due from other funds', while the borrowing fund reports amounts 'due to other funds' and have been eliminated. Amounts receivable and payable between the Governmental activities and the Business-type activities are reported as "internal balances" on the government-wide Statement of Net Assets.

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses (Continued)

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable includes amounts due from other governments and is stated net of their allowance for uncollectible accounts.

Inventory

Inventory, consisting of materials and supplies for use in the City's combined utility system, is valued at cost or estimated historical cost on a first-in, first-out (FIFO) basis. Inventory consists of expendable supplies held for consumption. Reported inventory expenditures or expenses are recognized when inventories are consumed.

Deferred Charges (Other Assets)

Bond issuance costs, as well as bond premiums and discounts, are deferred and amortized over the life of the related bond issue using the straight-line method.

Restricted Assets

Restricted accounts include monies or other resources, the use of which is restricted by legal or contractual requirements. In the Enterprise Fund restricted assets arise from certain bond and contract ordinances.

Capital Assets and Depreciation

Capital assets, which include land, buildings, improvements, machinery and equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the Government-wide financial statements. Capital assets of the City that are not specifically related to activities reported in proprietary or fiduciary funds have been reported as assets in the governmental funds column of the Government-wide financial statement. Capital assets are defined by the City as those assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years.

All capital assets are valued at historical cost if purchased or constructed, or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend asset lives are not capitalized.

Depreciation of all exhaustible capital assets has been provided based on the estimated useful lives of the class of assets, or individual assets using the straight line method with service lives as follows:

Buildings	— 25 to 40 years
Improvements	— 10 to 20 years
Equipment	— 5 to 10 years
Combined utility systems	40 to 50 years

Interest costs incurred during the construction phase of capital assets are reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses (Continued)

Long-term Obligations

In the Government-wide financial statements, and the Proprietary Fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Assets. Long-term debt represents unmatured principal of general obligation and revenue bond indebtedness, and outstanding portions due on long-term contracts. Other long-term obligations represent outstanding net present value portions due on capital lease obligations, and long-term portions of claims or judgments. Liabilities arising from interfund activities do not constitute general long-term liabilities.

In the Governmental Fund financial statements, governmental fund types recognize bond premiums and discounts as well as bond issuance costs as expenditures of the current period. The face amount of the debt issued, along with any bond premium and discounts, is reported as Other Financing Sources.

Compensated Absences (Accrued Vacation and Sick Leave)

The vacation policy of the City is to provide for vacation leave annually depending on length of service. For the City's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded within those funds as the leave is earned.

The sick leave policy of the City is to provide for unlimited accumulation of earned sick leave. Sick leave does not vest. Since none of the entities have any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made by the City.

Net Assets and Fund Balances

In the Government-wide financial statements, the difference between the City's total assets and total liabilities represents net assets. Net assets for both the governmental and proprietary fund types displays three components – invested in capital assets, net of related debt; restricted (distinguished between major categories of restrictions); and unrestricted. Unrestricted net assets represent the net assets available for future operations.

In the Fund financial statements, governmental funds report reservations of fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses (Continued)

Property Taxes

The City assesses and levies property taxes in accordance with applicable laws of the State of South Carolina. Real property and personal property of every description owned and used in the City, except that which is exempt from taxation under the Constitution and Laws of the State, is subject to taxation. An annual ordinance establishing the mileage rate associated with the levy is adopted each year as a part of the budget adoption process.

Real property and all personal property other than vehicles are assessed for property tax purposes as of December 31 of each year. The basis for value of taxable property within the City is taken from the records of the Marlboro County Assessor. Taxes are levied on July 1 with the passage of the fiscal year budget and millage ordinance, billed in October, and are due by January 15 in the year following their levy. A penalty of 3% is added to the tax bill on January 16; with an additional 7% added on February 2; and an additional 5% added to the tax bill on March 17.

New vehicle property taxes are assessed and levied within 120 days of the registration date of the vehicle and payment is due upon receipt of the property tax notice. Other vehicle property taxes are assessed and levied in the month the vehicle is scheduled for license renewal with the South Carolina Department of Transportation and payment is due before the end of the month of the scheduled renewal.

For Government-wide financial statements, property taxes are recognized as revenue in the year for which they are levied. For Government Fund financial statements, City property tax revenues are recognized for the budget period to which they apply when they become measurable and available. Delinquent and unpaid property taxes are reported as receivables, less amounts estimated to be uncollectible.

Program and General Revenue

The City charges public fees for building permits and inspections, and admission fees for certain recreational activities. These fees as well as fines for traffic violations and grant revenues are recorded as program revenue in the Statement of Activities.

General Revenues reported by the City include property taxes, state-shared taxes, business licenses and other government imposed non-exchange fees (e.g. franchise fees, which are general revenue fees in lieu of business licenses).

Comparative Data and Reclassifications

Comparative data for the prior year has been presented in selected sections of the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Estimates are used to determine depreciation expense and the allowance for doubtful accounts among other accounts. Actual results could differ from those estimates.

2. Deposits and Investments

As of April 30, 2010, the City had the following cash and investment balances:

Cash on hand Carrying amount of deposits Totals	\$ <u>\$</u>	4,250 5,349,977 5,354,227
Statement of Net Asset Balances: Cash and cash equivalents: Unrestricted Restricted Equity in pooled cash Totals	\$ \$	2,170,052 656,988 2,527,187 5,354,227

Deposits

The City's policy, by law, requires all financial institutions that receive City funds to secure the deposits by deposit insurance or collateral securities to protect the City against any loss.

Custodial credit risk for deposits is the risk that in the event of a depository institution's failure, the City will not be able to recover its deposits or collateral securities that are in the possession of an outside party. Deposits include cash and cash equivalents on deposits in banks or the State Treasurer Investment Pool and non-negotiable certificates of deposits. At April 30, 2010, \$680,913 of the City's deposits of \$5,709,200 were covered by federal depository insurance.

Investments

Statutes authorize the City to invest in certificates of deposit, repurchase agreements, passbook savings accounts, bankers' acceptance agreements, and other available bank investments, provided that approved securities are pledged to secure those funds on deposit in an amount equal to the amount of those funds. In addition, the City can invest in direct debt securities of the United States unless such an investment is expressly prohibited by law.

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

2. Deposits and Investments (Continued)

Investments (continued)

Investments at April 30, 2010 were are certificates of deposit, in accordance with investment policies adopted November 12, 1991, which are available in the public records.

Custodial credit risk of investments is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of April 30, 2010, none of the City's investments of \$404,773 were exposed to custodial credit risk.

Interest Rate Risk. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

As of April 30, 2010, the City had the following investments:

	Fair Value	Maturity
Bank Certificates of Deposit	\$ 103,744	4/2/2015
Bank Certificates of Deposit	100,419	4/9/2012
Bank Certificates of Deposit	99,648	3/28/2011
Bank Certificates of Deposit	100,962	4/10/2013
Total fair value	\$ 404,773	

Concentration of Credit Risk. The City places no limit on the amount it may invest in any one issuer. All of the City's investments were held at a single financial institution as of April 30, 2010.

3. Restricted Assets

Restricted cash and cash equivalents reported in the Business-type activities totaled \$285,990 at April 30, 2010. This amount was for projects authorized by the Combined Utility System Bonds, Series 2004, the Series 2009 A and B Debt Service Reserve Funds, and for obligations under capital leases. Restricted cash and cash equivalents for the Governmental Activities totaled \$370,997 at April 30, 2010. This amount was restricted to the purchase of specific items of equipment as required under the terms of a capital lease obligation, housing and law enforcement activities in the amounts of \$244,016, \$112,577 and \$14,404 respectively.

NOTES TO FINANCIAL STATEMENTS

4. Receivables

Accounts receivable at April 30, 2010, including the applicable allowances for uncollectible accounts, are as follows:

	G	overnmental Activities		ness-type ctivities
Property taxes	\$	216,245	\$	
Lot clearing fees		77,411		
Combined utility accounts		_	2,	695,827
Total receivables		293,656	2,	695,827
Less, allowance for uncollectible accounts		(230,687)	(1,	320,791)
Accounts receivable, net	\$	62,969	\$ 1,	375,036

Notes receivable at April 30, 2010, including the applicable allowances for uncollectible accounts and imputed interest are as follows:

Upper Story Housing (See Note 14)	\$	880,000
Housing rehabilitation		125,864
Housing assistance		85,573
CDBG Repayment Fund		18,710
Total notes receivable		1,110,147
Less, imputed interest and allowance for		
uncollectible accounts	(1,059,747)	
Notes receivable, net	\$	50,400

5. Due to/from Other Funds – Internal Balances

The Governmental and Business-type short-term interfund receivables and payables at April 30, 2010, were as follows:

		Interfund Receivable	Interfund Payable
General Fund	\$	1,605,427	\$
Capital Project Fund		270,555	
Special Revenue Funds		47,575	21,000
Utility Fund			 1,902,557
Total interfund balances		1,923,557	1,923,557
Less Governmental Fund eliminations		(21,000)	 (21,000)
Internal balances, net	<u>\$</u>	1,902,557	\$ 1,902,557

The above balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

NOTES TO FINANCIAL STATEMENTS

— CONTINUED —

5. Due to/from Other Funds – Internal Balances (Continued)

Transfers to/from Other Funds

Transfers in (out) for the year ended April 30, 2010 are summarized below:

	Transfers In			ansfers Out
General Fund	\$	2,210,663	\$	1,142,448
Special Revenue Funds				210,663
Capital Projects Fund		1,142,448		
Utility Fund				2,000,000
-	\$	3,353,111	\$	3,353,111

Transfers between the major funds, other non-major governmental funds and enterprise funds were primarily to support the operations of the funds.

6. Capital Assets

A summary of the changes in the City's capital assets during the year ended April 30, 2010, are as follows:

Governmental Activities:

	Balance April 30, 2009	Additions	Retirements	Balance April 30, 2010

7. Long-Term Debt

General Obligation Bonds

All general obligation bonds serviced by the City's General Fund are collateralized by the full faith, credit, and taxing power of the City. Principal and interest payments are appropriated when due.

Revenue Bonds

The City's revenue bonds are secured by a pledge of revenue generated by the Combined Utility System.

Long-term debt of the City at April 30, 2010 consists of the following:

A. Governmental Activities

City of Bennettsville General Obligation Bonds, Series 2006, due in annual installments of \$50,000 to \$150,000 through February 1, 2012, interest at 3.939%	\$ 315,000
City of Bennettsville General Obligation Bonds, Series 2008, due in annual installments of \$5,000 to \$305,000 through February 1, 2013, interest at 3.22%	580,000
Bank of America Leasing and Capital, LLC (various vehicles and equipment) due in quarterly installments of \$92,525 through August 23, 2010; interest at 3.2875%. Governmental Activities portion of lease obligation	127,956

7. Long-Term Debt (Continued)

E. Deferred Charges

Bond issuance costs and refunding losses along with related accumulated amortization are as follows:

		Original Amounts		cumulated nortization	Ν	et Carrying Amounts
Business-type Activities: Series 2004, Refunding and Improvement						
Revenue Bonds	<u>\$</u>	471,465	<u>\$</u>	(143,409)	<u>\$</u>	328,056

Amortized bond issue costs totaled \$27,120 for business-type activities for the year ended April 30, 2010.

8. Net Assets

Net assets of the Government-wide and Proprietary Fund financial statements represent the difference between assets and liabilities. Reported amounts for invested in capital assets and restricted net assets were as follows:

		Governmental Activities		Business-type Activities	
Invested in Capital Assets, Net of Related Debt:					
Net capital assets	\$	7,852,644	\$	24,681,520	
Less, general obligation and revenue bonds					
payable		(895,000)		(9,395,697)	
Less, installment purchase contracts		(127,956)		(54,848)	
Total invested in capital assets, net of related debt	\$	6,829,688	<u>\$</u>	15,230,975	

9. Retirement Plan

Generally, all permanent employees of the City are required by law to join the South Carolina Retirement System (SCRS) or the Police Officers Retirement System (PORS) which are costsharing multiple-employer defined benefit pension plans administered by the South Carolina Retirement System, a Division of the State Budget and Control Board. Article X, Section 16, of the South Carolina Code of Laws of 1976, as amended, prescribes requirements relating to membership, benefits, and employee/employer contributions for each pension plan. Employee and employer contribution rates for the SCRS and the PORS are actuarially determined. Annual benefits, payable monthly for life, are based on length of service and on average final compensation.

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

9. Retirement Plan (Continued)

A comprehensive annual financial report containing financial statements and required supplementary information for the SCRS and PORS is issued and publicly available by writing the South Carolina Retirement System, P.O. Box 11960, Columbia, SC 29211-1960.

The majority of employees of the City are covered by a retirement plan through the SCRS, a cost sharing multiple-employer plan administered by the Retirement Division, a public employee retirement system. Generally all City employees are required to participate in and contribute to the SCRS as a condition of employment unless exempted by law as provided by Section 9-1-480 of the South Carolina Code of Laws. This plan provides retirement annuity benefits as well as disability, cost of living adjustment, death, and group-life insurance benefits to eligible employees and retirees.

The City of Bennettsville's actual contributions to the SCRS for the three most recent fiscal years ended April 30, 2010, 2009, and 2008, were \$277,299, \$274,595, and \$264,739, respectively, and equaled the required contribution for each year. Under this system, the City's contributions were 9.24 percent of each covered employee's compensation as of April 30, 2010. Also, The City of Bennettsville paid employer group-life insurance contributions of \$4,502 in the current fiscal year at the rate of .15 percent of compensation.

The South Carolina PORS is a cost-sharing multiple-employer defined benefit public employee retirement plan administered by the Retirement Division. Generally all full-time employees whose principal duties are the preservation of public order or the protection or prevention and control of property destruction by fire are required to participate in and contribute to the System as a condition of employment. This plan provides annuity benefits as well as disability and group-life insurance benefits to eligible employees and retirees. In addition, participating employees in the PORS contribute to the accidental death fund which provides annuity benefits to beneficiaries of police officers and firemen killed in the actual performance of their duties. These benefits are independent of any other retirement benefits available to the beneficiary.

Since July 1, 1988, employees participating in PORS have been required to contribute 6.5 percent of all compensation. The City's actual contributions to the PORS for the three most recent fiscal years ended April 30, 2010, 2009, and 2008 were \$177,143, \$167,979, and \$167,304, respectively, and equaled the required contribution for each year. Under the PORS system, the City's contributions were 10.3 percent for each covered employee's compensation as of April 30, 2010. Also, the City paid employer group-life insurance contributions of \$3,327 and accidental death insurance contributions of \$3,327 in the current fiscal year for PORS participants. The rate for each of these insurance benefits is .20 percent of compensation.

Several optional deferred compensation plans are available to State employees and employers of its political subdivisions. The multiple-employer plans, created under Internal Revenue Code Sections 457, 401(k), and 403(b), are administered by third parties and are not included in the Comprehensive Annual Financial Report of the State of South Carolina. Compensation deferred under the plans is placed in trust for the contributing employee. Neither the City, nor the State of South Carolina, has any liability for losses under the plans. Employees may withdraw the current value of their contributions when they terminate City employment. Employees may also withdraw contributions prior to termination if they meet requirements specified by the applicable plan.
NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

10. Due From Other Governments

The following are due from other governments:

Due from grantor agencies	\$ 59,870
Due from state government	 348,262
Total due from other governments	\$ 408,132

11. Risk Management

The City is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in the South Carolina State Insurance Reserve Fund. Through the Fund, the City maintains property insurance at replacement value and contents coverage at actual value. The City also maintains tort and fleet auto coverage through the Fund. The City has also transferred a portion of its risk of loss for health insurance and workers compensation claims to various state agencies and commercial insurance carriers. For the year ended April 30, 2010 the City incurred \$669,223 in health care premiums and \$184,578 in worker's compensation premiums.

12. Contingencies

Litigation

The City is party to legal proceedings that normally occur in governmental operations. City officials believe the legal proceedings are not likely to have a material adverse impact on the affected funds of the City.

Federal and State Assisted Programs

In the normal course of operations, the City receives grant funds from various federal and state agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to insure compliance with conditions precedent to the granting of funds.

Such audits could result in the refund of grant monies to the grantor agencies. However, management believes that any required refunds would be immaterial and no provision has been made in the accompanying financial statements for the refund of grant monies.

Facilities Abandonment Charge

The City's contract with its electric supplier contains a facilities abandonment charge in the event the contract is terminated prior to the time scheduled under the contract which currently is April 30, 2020.

NOTES TO FINANCIAL STATEMENTS

13. Reconciliation of Government-wide and Fund Financial Statements (Continued)

<u>B. Explanations of Differences Between the Governmental Fund Statement of Revenue, Expenses and Changes in Fund Balances and the Government-wide Statement of Activities</u>

The Governmental Fund Statement of Revenue, Expenses and Changes in Fund Balances includes a reconciliation between net changes in fund balance and Changes in Net Assets-Governmental Activities. The details of the reconciled amounts are as follows:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation in the current period.	
Capital outlay expenditures	\$ 637,379
Depreciation expense	 (334,600)
Net amount reported	\$ 302,779
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds: Property taxes Change in accrued interest expense Change in accrued compensated absence	\$ 17,068 (3,365) (6,381)
Net amount reported	\$ 7,322
The issuance of long-term debt provides current financial resources to governmental funds, while repayment of principal and interest consumes current financial resources of governmental funds. This amount is the net effect of these differences in the treatment of long-term debt and related items:	
General obligation bonds Principal repayments – Capital lease obligations	\$ 185,000 249,712
Net amount reported	\$ 434,712

NOTES TO FINANCIAL STATEMENTS

- CONTINUED ---

14. Notes Receivable - Upper Story Housing

During the year ended April 30, 2002, the City of Bennettsville applied for and received funds from a CDBG grant for \$330,000, a grant from the South Carolina State Housing and Finance Development Authority for \$350,000, and a HOME grant for \$200,000 for the purpose of redeveloping downtown upper story housing.

These funds, individually, were disbursed to the developer, Bennettsville Downtown Limited Partnership (a North Carolina Limited Partnership), in the form of three secured mortgage loans as follows:

Non-interest bearing mortgage loan note dated February 15, 2002, due in 20 annual installments of \$17,500 beginning December 31, 2037. Collateralized by first lien security interest on various Main Street and Broad Street properties.	\$ 350,000
Non-interest bearing mortgage loan note dated February 15, 2002, due in 20 annual installments of \$40,000 beginning December 31, 2034. Collateralized by third lien security interest on various Main Street and Broad Street properties.	200,000
Non-interest bearing mortgage loan note dated February 15, 2002, due in 20 annual installments of \$16,500 beginning December 31, 2037, with all remaining unpaid balances due and payable December 31, 2056. Collateralized by a fourth lien security interest on various Main Street and Broad Street properties.	330,000
	\$ 880,000

These mortgage notes have been recorded in the Government-wide Financial Statements - Governmental Activities, net of imputed interest *(See Note 4)*. The outstanding principal balance of these notes (\$880,000) have been reported as a Special Revenue Fund and reserved for the Upper Story Housing project in housing assistance.
